TE Connectivity

Product Change Notification: P-18-015489

PCN Date: 22-FEB-18

Customer: Newark Electronics (1327156)

Location: Gaffney

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Power Interconnects&Signal Interconnects

Description of Changes

In order to improve product delivery time and more eco-friendly, we will replace sponge with a relatively eco-friendly bubble wrap. It is only package material change not product. It will take us at least one year to complete the switch. During this time, you may be exposed to both sponge and bubble wrap packed products.

Reason for Changes:

Product improvement.Sponge is not environmental product. It produces environmental pollution and difficult to recycle. It is highly flammable and can cause deadly toxic gases when burning. At the same time, sponges are getting harder to buy due to the government's annual environmental inspections. Sometimes seriously affected our supply. So we will change to bubble wrap to avoid late delivery. The action is executed following a strict procedure, which guarantees no negative influence on quality, ability to supply and form/fit/function of the concerned products. All test was finished which guarantees the performance.

Estimated Dates:
