**Notification#20230509000.0**  
**Transition of Device Symbolization to a new Standard for Select Devices**  
**Information Only**

**Date:** May 10, 2023  
**To:** PREMIER FARNELL PCN

Dear Customer:

This is an information-only announcement of a change to a device that is currently offered by Texas Instruments.

The changes discussed within this notification are for your information only.

Any negotiated alternative change requirements will be provided via the customer's defined process. Customers with previously negotiated, special requirements will be handled separately. Any inquiries should be directed to your local Field Sales Representative.

For questions regarding this notice, contact your local Field Sales Representative or the PCN Team ([PCN\\_ww\\_admin\\_team@list.ti.com](mailto:PCN_ww_admin_team@list.ti.com)).

Sincerely,

PCN Team  
SC Business Services

**Attachment: 1**

**Products Affected:**

The devices listed on this page are a subset of the complete list of affected devices. According to our records, these are the devices that you have purchased within the past twenty-four (24) months (60 months for Automotive devices). The corresponding customer part number is also listed, if available.

<b>Notification Details</b>			
<b>Description of Change:</b>			
<p>Texas Instruments Incorporated is announcing an information only notification of transition of device symbolization to a standardized marking including space for a 2D serial code on select devices as follows:</p> <ol style="list-style-type: none"> <li><b>The first lines represent the Device Nomenclature / Manufacturer Part Number (MPN).</b> The value may be the full MPN or a subset or variant, but is unique to the MPN package. For catalog products listed on TI.com, the first word on the 2<sup>nd</sup> line is intended to be searchable on TI.com for product information. Some exceptions may exist. All units for the part number are marked with the same values. Customer notification (PCN) will be provided if the character values change in the future.</li> <li><b>The center area is space for a 2D barcode. It may contain a barcode or be blank. If included, the field content represents a unit identification number that customers may read and associate with their board serial number if desired.</b> A single alpha-numeric field of max length=50; actual length may be less; and vary unit to unit within the reel/box. No customer notification (PCN) will be provided for length change as long as it remains less &lt;= 50. Uniqueness is not 100% guaranteed but long TI history indicates duplicates within a single part number are extremely rare.</li> <li><b>The line immediately below the 2D barcode area is an additional trace code (LTC).</b> A reel/box may have units with multiple different LTCs. And the code may be different lengths for different units. No limit to the number of trace codes in a reel/box.</li> <li><b>Lines and blank spaces (other than the lines above the 2D barcode area) are reserved for TI Internal use and may change unit to unit within the reel or box.</b> Characters may be added, removed, or changed without customer notification (PCN).</li> <li><b>The dot shown in the lower left corner of the example is the pin 1 indicator.</b> Depending on the package. It may be a printed dot; a small circle, oval; or embossed in the mold compound or package lid.</li> <li><b>Actual customer receipt of first new symbolization material will vary depending on existing device inventory, work-in-process, and customer demand.</b> Initial change material may not have the 2D, and then later in the future some material may have the 2D. No additional customer notification (PCN) when the 2D is added.</li> </ol>			
	Change From	Change To	
Logo	Included	Removed	
ECAT	Included	Removed	
2D Serial Code	Not Available	Blank Area or Included	
Font	Varies	OCR-A	

Example: Current Symbol MPN = AM4384CZDNA60S	<b>New Standard (with blank 2D area)</b>	<b>New Standard (with 2D printed)</b>

**Reason for Change:**

Symbolization standardization. Improved traceability. Manufacturing efficiency.

**Anticipated impact on Fit, Form, Function, Quality or Reliability (positive / negative):**

Device marking change only.

**Changes to product identification resulting from this notification:**

Device marking change only. No change to pack labels.

**Product Affected:**

### **IMPORTANT NOTICE AND DISCLAIMER**

TI PROVIDES TECHNICAL AND RELIABILITY DATA (INCLUDING DATASHEETS), DESIGN RESOURCES (INCLUDING REFERENCE DESIGNS), APPLICATION OR OTHER DESIGN ADVICE, WEB TOOLS, SAFETY INFORMATION, AND OTHER RESOURCES "AS IS" AND WITH ALL FAULTS, AND DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS.

These resources are intended for skilled developers designing with TI products. You are solely responsible for (1) selecting the appropriate TI products for your application, (2) designing, validating and testing your application, and (3) ensuring your application meets applicable standards, and any other safety, security, or other requirements. These resources are subject to change without notice. TI grants you permission to use these resources only for development of an application that uses the TI products described in the resource. Other reproduction and display of these resources is prohibited. No license is granted to any other TI intellectual property right or to any third party intellectual property right. TI disclaims responsibility for, and you will fully indemnify TI and its representatives against, any claims, damages, costs, losses, and liabilities arising out of your use of these resources.

TI's products are provided subject to TI's Terms of Sale ([www.ti.com/legal/termsofsale.html](http://www.ti.com/legal/termsofsale.html)) or other applicable terms available either on [ti.com](http://ti.com) or provided in conjunction with such TI products. TI's provision of these resources does not expand or otherwise alter TI's applicable warranties or warranty disclaimers for TI products.
