

Features:

- Stainless steel with quality box joint construction
- For gripping, holding & pulling tasks
- Used by model builders, jewellers, miniaturists, cake decorators, anglers & flower arrangers

Locking Forceps- 130mm straight/smooth jaw

Although used by surgeons, these are now used extensively by model builders, jewellers, miniaturists, anglers, electronic hobbyists, cake decorators and even flower arrangers.

Straight Jaws (Serrated) CL5045

Length 150mm

Curved Jaws (Serrated) CL5046

Length 150mm

Clamping & Work Holding

The Model Craft collection includes tools for clamping and work holding to cater for all model making and craft requirements. As any accomplished model maker will know, it is essential to have a job held securely and in the right position, especially when working on precision items. By securing items whilst working on them you can ensure accuracy and minimise mistakes.

Part Number Table

Description	Part Number
Locking Forceps - 150m Straight	CL5045
Locking Forceps - 150mm Curved	CL5046
