

UGREEN Cat 7 Round Ethernet Cable 2m

NW150-80423

6957303884230

Features:

- ✓ UGREEN Cat 7 Network Cable supports up to 10Gbps data transmission and 600MHz bandwidth, much faster than CAT6 and less prone to interference. It is the best option for gaming, streaming videos, downloading large files and more.
- ✓ This network cable is double shielded. There is aluminum foil shielding on each twisted pair and overall around the entire wire bundle. This ideal Cat 7 internet LAN cable reduces interference and ensures a stable connection.
- ✓ The cable is made of 30AWG pure copper wire, lower impedance and less loss with high efficiency. 8pcs gold-plated contacts fit snugly over the ethernet cable, to provide a faster and more stable internet connection. In addition, there is a dust cover to keep the connectors neat and durable.

Specifications:

- * Signal Shielding: F/FTP
- * Type: Cat7
- * Conductor: 30AWG Pure copper
- * OD:5.5mm
- * Connection Type: RJ45
- * Interface: Gold-plated Pure copper Contacts
- * Connection method: 568B
- * Transmission Rate: 10Gbps
- * Broadband:600MHz
- * Stranding method: 8-core twisted pairs
- * Pass the American Fluke test
