

Mi 360° Home Security Camera 2K

[GL Version] ID: 29048 SKU: BHR4457GL

Every Detail in Sharp 2K Clarity

- Zoom in on objects and capture clearer details and colors with 2304*1296 resolution.

F1.4 Large Aperture and 6P Lens

- Large aperture ensures adequate light intake to capture the details of the image;
- Fully upgraded lens to deliver a more clear and delicate image.

Enhanced Color Night Vision in Low Light

- Invisible 940nm infrared LEDs offer you enhanced night vision without making any interruption;
- See the video in full color even in low light.

Full Encryption for Privacy Protection

- Secure Cloud storage using 128-bit Advanced Encryption Standard (AES) and the whole data transmission is encrypted;
- Sleep mode provides more safe privacy protection.

New AI Human Detection

- Combined with the application of AI with deep learning technology, the optimized algorithm effectively filters invalid alarms and makes the alarm more accurate.

360° Vision Means Full Home Protection

- The dual motor head enables the camera to rotate and capture a full 360° horizontal view and 108° vertical view.

Free 7-Day Rolling Cloud Storage

- Freely store recorded motion-triggered video clips for one week, which helps you keep a virtual eye on your home.

Fast-Forward Playback Speed

- Supports up to 16x speed playback to search through quickly the video feed stored in SD card.

Install Upright or Inverted

- The camera is pre-installed with the rotation base and can be placed on a table, window, ceiling, or wall.
