

CJU stainless circumferential tape measure

For measuring circumferences and outer diameters

Application:

For measuring circumferences and outer diameters

Execution:

- CIRCOMETER CJU
- With two gradations on the front for reading circumferences and mean diameters simultaneously
- Made of INOX spring steel

Art. no.	37086 020
Brand	SCHWENK
Manufacturer Part Number	62000028
Min./max. circumference of measuring range	940-2200 mm
Min./max. diameter of measuring range	300-700 mm
Scale value	1 mm
Vernier scale	0.1 mm
Width of band	16 mm
Display	Nonius
Gross Weight	0.109 kg
Product Group	371
