RS PRO Connector Bracket & Joint Pivot Joint, strut profile 30 mm, Groove Size 6mm

RS Stock No.: 767-5579

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO offers this great pivot joint that fits into strut profiles providing a pivoting connection between two profiles or panels. It provides an external fastening method that is lightweight and provides structural strength to the joints and connections. The joint can be regulated or fixed into one position through the connecting screw. Made from die-cast zinc and is compatible with the RS PRO range of profiles.

Pivot Joint for 40 mm Profile, 8 mm Groove size - [7675737](#)

Pivot Joint for 30 mm Profile, 6 mm Groove size - [7675579](#)
