

## A4 LAMINATOR (OL 250-L-17)

Ideal for frequent use in a small to midsize office environment.

- Fast preheating time and lamination speed
- Backloader technology for easy-of-use
- For 150-250 micron hot laminating pouches
- ABS-jam-release-technology for removing any misfed documents
- 2 heated rollers technology
- User-friendly, very easy to use

### Technical Specifications

|                    |                             |
|--------------------|-----------------------------|
| Product            | OL 250-L-17                 |
| Line voltage       | AC 220-240 V / 50 Hz        |
| Power consumption  | 550 W; 2.4 A / 60 W; 0.25 A |
| Protection class   | II                          |
| Preheating time    | 1.5 - 2 min.                |
| Pouches Thickness  | 150-250 micron              |
| Operating speed    | 400 mm / min.               |
| Maximum film width | A4                          |
| Rolling mechanism  | 2 rollers                   |
| Lamination         | hot lamination              |
