

## Customer Change Notification

# Snap-in Line Extension Update

<b>Date:</b>	<b>ID Number:</b> CCN-110912-NM
<b>Affected Products</b>	All snap-in capacitors (ALC/ALP/ALT) manufactured in Weymouth UK.
<b>Change</b>	<b>All snap-in capacitor (ALC/ALP/ALT) manufacturing in Weymouth will transfer to Kemet's new facility in Evora Portugal.</b>
<b>Justification and Benefits</b>	Kemet has invested in new automated product lines to manufacture snap-in capacitors (ALC/ALP/ALT) in Portugal.
<b>Effective Date and Identification</b>	<ul style="list-style-type: none"> <li>• <b>Final orders for Weymouth made snap-in capacitors (ALC/ALP/ALT) must be received by 7th December 2012, for the period up to 28 February 2013.</b></li> <li>• Once placed these orders cannot be cancelled.</li> <li>• None of these orders will be allowed to be rescheduled unless the customer agrees to take the parts from Evora Portugal.</li> <li>• Should the order level reach the maximum capacity on the line in Weymouth, then the order book for Weymouth made snap-in capacitors (ALC/ALP/ALT) will be closed.</li> <li>• Orders received after 7th December 2012 may be processed by the factory in Evora Portugal.</li> <li>• All orders placed for Weymouth made ALC snap-in capacitors must be delivered to the customers on or before 22 March 2013.</li> <li>• <b>UK manufacturing of all snap-in capacitors (ALC/ALP/ALT) will cease on 28 February 2013.</b></li> <li>• Should a customer's approval tests for snap-in capacitors (ALC/ALP/ALT) extend beyond 28 February 2013, then it is the customer's responsibility to talk with Kemet to ensure that they have made suitable provision for the supply of their parts during this time.</li> </ul>
