PCN Overview

Description

Datasheets for NTS0304E and NTS0308E are corrected for max ambient temperature from 85C to 125C.

There is no change in functionality or performance, the intent is to provide the customers with a corrected datasheet.

Reason

Change is to correct data entry error found in the datasheets.

Identification of Affected Products

Product identification does not change

Anticipated Impact on Form, Fit, Function, Reliability or Quality

No Impact on form, fit, function, reliability or quality

Data Sheet Revision

A new datasheet will be issued

Disposition of Old Products

No effect on existing product.
