

2.54mm PCB Interconnection System

Single Row PCB Header Plugs

A sophisticated but low cost interconnection system for making quick on board contact with multi-way circuits.

Connectors are available pre-cut into 2, 3, 4, 5, 10 and 36-way, which are easily cut to the required length.

All pins are on a 0.1in spacing and connectors are stackable end to end and side to side.

Jumper shorting links are available which provide a cost effective programming facility. Fully compatible with other PCB connection systems.

Order code	Type	Insulator Material	Contact Material	Contact Finish	Current Rating	Insulation Resistance
22-0520	2-way single row	Black Polyester, Rated UL94V-0	Copper Alloy	Gold Plated	3A	1 x 10 ⁹ MΩ
22-0500	3-way single row					
22-0505	4-way single row					
22-0510	5-way single row					
22-0515	10-way single row					
22-0545	36-way single row
