

Z 600 ZAP step ladder

With large platform

Version:

- Large working platform (400 x 400 mm).
- 3-sided railings around circumference for maximum safety
- Generous storage tray for tools and small parts
- Optimum stability thanks to rigid connections on both sides
- Compact folded dimensions through automatically-retractable safety cage
- Replaceable 2-component plastic end caps which fit securely on the rail and ensure that the ladder does not slip

Advantage:

- 80 mm deep steps with ZARGES Safer Step technology

Art. no.	50260 614
Working height	3.04 m
Step depth	80 mm
Number of steps (including platform)	1 x 4
Pedestal width	0.62 m
Max. load capacity	150 kg
Accessibility	One-sided
Material	Aluminium
Length	1.96 m
Height, vertical	1.84 m
Beam height of rising part	73 mm
Beam height of support part	58 mm
