

HMI EVENT 1200 W

HMI EVENT | Metal halide lamps, single-ended

Areas of application

- Events, trade fairs or exhibitions of cars, boats, industrial plants and motorcycles

Product family benefits

- Extremely uniform light distribution, reduced color or brightness shifts
- Constant daylight color temperature throughout the entire lamp lifetime
- High light output
- Very good color rendering index of $R_a > 90$ throughout the whole lamp lifetime
- Minimal light scattering
- Optimized filling

Product datasheet

Technical data

Electrical data

Nominal wattage	1200.00 W
Nominal voltage	100 V
Nominal current	13.8 A

Photometrical data

Nominal luminous flux	110000 lm
Color temperature	6000 K

Dimensions & weight

Diameter	42.0 mm
Length	200.0 mm

Lifespan

Lifespan	1000 h
----------	--------

Additional product data

Base (standard designation)	G38
-----------------------------	-----

Capabilities

Burning position	Other
------------------	-------

Product datasheet

Safety advice

Because of their high luminance, UV radiation and high internal pressure during operation, HMI lamps may only be operated in enclosed lamp casings specially constructed for the purpose. Appropriate filters must ensure that UV radiation is reduced to an acceptable level. Mercury is released if the lamp breaks. Special safety precautions must be taken. Information on safety and handling is available on request or can be found in the leaflet included with the lamp or in the operating instructions.

Logistical Data

Product code	Product description	Packaging unit (Pieces/Unit)	Dimensions (length x width x height)	Volume	Gross weight
4052899301740	HMI EVENT 1200 W	Shipping carton box 1	310 mm x 160 mm x 165 mm	8.18 dm ³	387.00 g

The mentioned product code describes the smallest quantity unit which can be ordered. One shipping unit can contain one or more single products. When placing an order, for the quantity please enter single or multiples of a shipping unit.
