### Data sheet

### 3RU2126-4FJ0

OVERLOAD RELAY 34...40 A FOR MOTOR PROTECTION SZ S0, CLASS 10, F. MOUNTING ONTO CONTACTOR MAIN CIRCUIT: RING CABLE LUG AUX. CIRCUIT: RING CABLE LUG MANUAL-AUTOMATIC-RESET

| product brand name   | _  | SIRIUS                      |
|--|----|-----------------------------|
| Product designation  | -  | 3RU2 thermal overload relay |
| General technical data:                                    |    |                             |
| Active power loss total typical                            | W  | 7.5                         |
| Insulation voltage   | -  |                             |
| <ul> <li>with degree of pollution 3 Rated value</li> </ul> | V  | 690                         |
| Shock resistance   | -  |                             |
| • acc. to IEC 60068-2-27                                   |    | 8g / 11 ms                  |
| Surge voltage resistance Rated value                       | kV | 6                           |
| Temperature compensation                                   | °C | -40 +60                     |
| Size of contactor can be combined company-specific         | -  | S0                          |
| Type of assignment   | -  | 2                           |
| Protection class IP  | -  |                             |
| • on the front   |    | IP20                        |
| • of the terminal  |    | IP20                        |
| Equipment marking  | -  |                             |
| • acc. to DIN EN 81346-2                                   |    | F                           |
| Main circuit:  |    |                             |
| Number of poles for main current circuit                   |    | 3                           |
| Adjustable response value current of the current-          | А  | 34 40                       |
| dependent overload release                                 |    |                             |
| Operating voltage  |    |                             |
| Rated value  | V  | 690                         |
| <ul> <li>at AC-3 Rated value maximum</li> </ul>            | V  | 690                         |
| Operating frequency Rated value                            | Hz | 50 60                       |

| Operating current Rated value                        | А  | 40                          |
|--|----|-----------------------------|
