

Precision retaining ring pliers with inlaid spring steel wire tips

90° angled, for external circlips,

Application:

For mounting and removing outer retaining rings on shafts.

Execution:

- Chrome-vanadium electric steel, forged, oil-hardened
- Inlaid tips, spring steel wire, drawn

Advantage:

- Safe working processes with inlaid tips
- For heavy-duty use, even in continuous operation, up to 10x longer service life compared to turned tips

Art. no.	53091 670
Brand	KNIPEX
Manufacturer Part Number	49 21 A21
Type	A 21
Length	170 mm
Suitable for min./max. diameter	19-60 mm
Head design	Angled 90°
Surface	Grey atrimentised
Material of handle	Polyvinyl chloride
DIN	5254
Gross Weight	0.179 kg
Product Group	535

EAN

4003773048831
