

## Industrial vacuum cleaner VHO200 CB

Liquid vacuum cleaner - for the removal of fluids in a harsh industrial environment

### Application:

For demanding cleaning tasks in the metal industry; especially for picking up chips and liquid media.

### Version:

- Powerful 2.4 kW 230V turbine
- Robust industrial construction with manoeuvrable chassis
- With air reversing valve for reliable and easy emptying of the dirt container.
- With integrated chip basket

### Advantage:

- Separation of solids and liquids during the suction process
- By switching the air reversing valve, the liquid can be pushed to the outside via the drain valve with the aid of the overpressure
- If the amount of fluid to be removed outweighs the amount of solids, this machine is the first choice for safely recycling lubricants and oils.

### Delivery:

Includes oil protection kit (galvanised hose connection, antistatic and oil-resistant rubber hose 5m, galvanised curved fitting, galvanized flat nozzle and anti-static angled nozzle)

<b>Art. no.</b>	<b>75524 120</b>
<b>Model</b>	VHO200 CB
<b>Power input</b>	2400 W
<b>Max. air delivery volume</b>	4500 l/min
<b>Underpressure</b>	230 mbar
<b>Container capacity</b>	75 l
<b>Hose length</b>	5 m
<b>Inner hose diameter</b>	50 mm
<b>Length x width x height</b>	580 x 880 x 1230 mm
<b>IP protection class</b>	IP 44
<b>Weight</b>	60 kg
