

Features

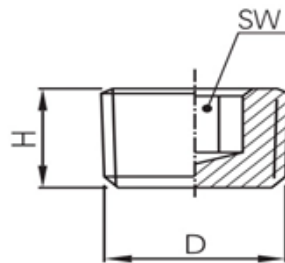

- The primary function of a blanking plug is to seal off or close an opening in a system
- The choice of materials ensures that the blanking plug can withstand the specific requirements of the system, including pressure, temperature, and chemical compatibility
- They often feature a simple and user-friendly design, such as a threaded body that can be easily screwed into or out of a port

Specification

Material	Brass
Medium	Air , Steam , Water
Thread	BSPT
Tolerance	+/-0.01-0.05 mm
Working Temperature	-100 ~ 500 ° C
Maximum Pressure	3600 psi/ 25 MPa

Product Range & Drawing

Part Number	D	H (mm)	SW (mm)
RND 425-00284	R 1/8	7	S5
RND 425-00285	R 1/4	7.7	S6
RND 425-00286	R 3/8	9	S8
RND 425-00287	R 1/2	10.5	S12
