8 Port VGA Splitter

Notification	
Product Code	NLKVS-558AUDRK
Short Description	450MHz, DDC, 2048 x 1536 Rack Mount
Full Description	The 8 port SVGA splitter can split one input source to up to 8 displays. It can transmit the signal up to 65mtrs and can also be daisy chained for a larger distribution. With a high bandwidth of 450MHz it can duplicate and transmit high quality resolutions up to 2048 x 1536 and can support monitors that are DDC compatible. **Please note :** If you connect a DDC type monitor to video output port one all other monitors must be able to support the highest resolution of that on port one.
