

HazMat absorbent mat – in practical dispenser box

Absorbs acids, caustics, corrosive substances, chemicals and unidentified liquids

Application:

Specially treated mat, withstands even highly concentrated chemicals like 98% sulphuric acid and 30% sodium hydroxide solutions.

Execution:

- Made from 100% polypropylene
- Medium durability
- Flame-retardant (will not ignite immediately)

Advantage:

- Lights up pink to indicate hazard
- 8-ply for outstanding tear resistance
- Dispenser box allows easy access and stores the mats in perfect condition

Art. no.	69746 351
Brand	PIG
Manufacturer Part Number	MAT351
Type	HAZ-MAT
Absorptive capacity	High
Type description	MAT 351
Length x width	33 x 25 cm
Suction volume	37 l
Number of pieces per packet	100 PCS
Delivery unit	Mat pad in dispenser box
Gross Weight	3.700 kg
Product Group	6PA

EAN

036226009565
