# Category 6A 24 Port Patch Panel

Category 6A 24 Port Patch Panel (SGFK24)
TUK's high density horizontal Category 6A FTP patch panel offers high performance at a competitive price. Based on our component level keystone (SGKSje), this panel can be terminated quickly and easily with a variety of cables.

Features

- High performance compliant with ANSI/TIA 568 C.2 standard at component level

- Compliant with IEC60512-99-001 – suitable for use with IEEE 802.3at (PoE+) applications

- 3rd Party (Delta) verified

- Suitable for 23-26 AWG stranded and solid wire. (0.40 – 0.57mm)

- Fully shielded die-cast keystone body is robust as well as offering outstanding performance in eliminating alien cross-talk

- Quick and easy tool-less "butterfly" style termination

- Built-in retracting dustcovers

- Clear numbering on the front provides a quick, easy way to identify cable run

- 'Write on' label facility for port identification

- Supplied with a fixed rear cable management bar, cable ties, 4 sets of M6 black cage nuts and 25cm long earth wire with fixing screws

Specifications

- Weight: 1.3kg approx.

- Dimensions: 483 x 102.5 x 44.5 (W x D x H) approx.

- Colour:
    front: black + silver
    rear: silver

- Material:
    Panel: cold-rolled steel sheet 1.5mm thick
    Rear of panel and cable management: nickel plated
    Contacts: 50µ"/1.27µm gold plating over nickel over phosphor bronze
    Keystone housing: Zinc alloy

Packaging: Supplied as a kit in an individual carton

EAN: 5055386507440

Commodity Code: 85177090
