

Cemented carbide milling bit

Shank diameter: 3mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76008 145
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952020
Form	Ball shape
Cutting edge length	2.8 mm
Length	38 mm
Serration type	5
Model	TCD 0303
DIN	8033
Gross Weight	0.001 kg
Product Group	761
