

Front-mounted roller shutter

For HK tool shelf

Application:

Installation of the front-mounted roller shutter turns the shelf into a closable cabinet.

Execution:

- Roller shutter housing made of sheet steel H x D approx. 215 x 215 mm
- Plastic roller shutters with integrated spring shaft
- Roller shutter guide made of vertical sections, mounted on the rack frame
- plastic slats in colour grey
- Note: The roller shutters cannot be mounted next to sliding doors.
- When requesting/ordering, please indicate the RAL colours required for the sheet parts
