

## Roller shutter top-mounted cabinets

Rear panel with square holes, width 722 mm

### Application:

Cabinet suitable for mounting on top of HK S system drawer cabinets (722 mm wide) or on tables and workbenches.

### Version:

- Robust, welded sheet steel construction with plastic roller shutters (light grey)
- Rear panel with square 10 x 10 mm perforations, axis distance 38 mm
- Integrated aluminium handle strip in roller shutter and DOM pressure cylinder lock incl. 2 keys

### Advantage:

- Square 10 x 10 mm perforations in rear panel for individual attachment options, e.g. with tool hooks and support elements.
- 360 mm depth means folders, documents, boxes etc. can be stored on the cabinet floor

### Delivery:

Without decorative materials, empty housing for customised fitting
