

Precision short drill chucks

Application:

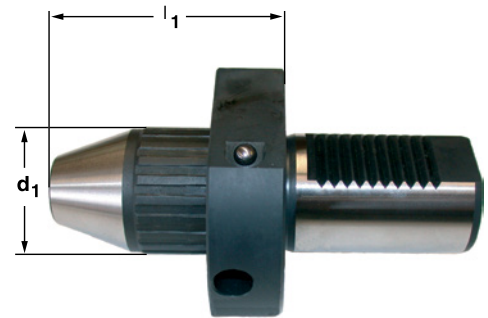

For clamping tools with straight shank.

Execution:

- For NC lathes
- The tool is clamped using a hexagon key
- Hexagon T-handle wrench operation

Advantage:

- High concentricity

Art. no.	22725 051
Brand	EWE
Manufacturer Part Number	802 862
VDI mount diameter	50 mm
Min./max. clamping width	2.5-16 mm
Outer diameter	56 mm
Discharge length, open	100 mm
Discharge length, closed	95 mm
Gross Weight	0.340 kg
Product Group	208
