

Metal fuel can CLASSIC 5 L olive green, powder coated

Description:

Metal fuel cans CLASSIC, 5 L, olive, with UN certification for petrol, diesel and other hazardous goods

- with UN certification for transporting hazardous goods
- powder coated, suitable for ethanol fuel E10 and manufactured using 0.9 mm steel
- with patented locking pin to prevent unintentional opening of the jerrycan
- heat sealed handles provide extra strength
- special holes in the handle allow spout to be attached with clip and screws
- High-quality inside paint protects against rust and decomposition of the contents in longer storage in filled condition
- for the labelling (according to GHS regulation and ADR) of canisters filled with fuel, we recommend our hazard identification labels Art.-No. 306100
- separate accessories: Discharge pipes, suction system, filling system and hazard identification labels (306100)
- Certification No 3A1/Y/100/.../D/BAM 6306-VP
- w = inside diameter of the filling opening = 45 x 35 mm
- d=depth=120 mm w=width=230 mm h=height=310 mm
