- the clamping station is equipped with 1 connection: 1 x hydraulic opening.
- Mounting sketches, other sizes as well as clamping stations especially tailored to your machine deliverable on request.

Advantage

- low overall height of only 46 mm

Art. no.	28981 174
Type	6x clamping station
Retraction force/closing force	6 x 20 kN
Retaining force	55 kN
Length	396 mm
Width	596 mm
Thickness	10 mm
Width 2	20 mm
Length 2	50 mm
Distance	180 mm
Locating bore hole diameter	20 mm
Connection thread	G 1/4 inch
Thickness 2	46 mm
Distance 2	200 mm
Weight	75 kg
