Bridging Steps

The Industrial Bridging Step utilises extra-large 150mm deep steps with handrails on both sides of the platform for maximum safety. Ideal for use in factories and distribution centres for safe access over machines and conveyor systems.

- Supplied with double handrail for safety
- Large 150mm deep steps
- Comfortable climbing angle
- Durable slip and wear resistant platform
- Can be used free-standing or secured to the floor
- Robust aluminium die-cast hinges

5 Tread shown in use as a rail carriage driver door access step

Feet can be bolted to the floor

All-metal hinges and components
