

Abrasive flap disc POLIFAN®-SGP STRONG STEEL

with zirconia alumina, tool carrier made of glass fabric, for steel, grain 50

Application:

For edge machining, e.g. chamfering and deburring.

Advantage:

- Maximum aggressiveness down to the last grain - optimally suited to use on high-performance output drives

Art. no.	76085 125
Brand	PFERD
Manufacturer Part Number	400722077893
Washer diameter	125 mm
Grid size	50
Bore diameter	22.23 mm
Material of abrasive medium	Zirconium conrundum
Max. rotation speed	12200 rpm
Form	Diagonal
Number of pieces per packet	10 PCS
Gross Weight	0.130 kg
Product Group	6AB

EAN

400722077893
