

5 MHz dual element thickness measuring head TXC5M00CP-6

For MTG ultrasonic wall thickness gauges

elcometer®

Application:

Suitable for measuring e.g. steel, glass and thin plastics in conjunction with an Elcometer ultrasonic wall thickness gauge from the MTG series.

Advantage:

- ThruPaint technology – ignores the thickness of coatings in Echo-Echo mode

Art. no.	46100 206
Brand	ELCOMETER
Manufacturer Part Number	TXC5M00CP-10
Transceiver probe diameter	6.35 mm
Test frequency	5 MHz
Gross Weight	0.135 kg
Product Group	451
