Diagrams

Typ. black/white behavior

- х
- Range [mm] Reduction of range [mm]
- White 90%
- Gray 50% Gray 18%
- у А В С D Black 6%
 - Fading: black/white error < 50 %

The black/white error is calculated from the operating range against white and the reduction of the operating range against black:

black/white error = reduction of the operating range against black / operating range against white x 100%
