Feature and benefits

Grey polyamide knitted glove with grey polyurethane coating at the palm and fingertips

Benefit

- COMFORT

Specific knitting technique used during production assures snugly to the hand and high level of dexterity. Due to that, glove offers maximum comfort and added sturdiness.

Light knit gives the glove perfect support, limits penetration of dirt and offers good tactility feelings.

Ventilated back and PU coating optimize gloves' breathability.

- RESISTANCE

Polyamide with its polyurethane coating provide fine grip, good abrasion and tear resistance.

- SAFETY

Being non-pilling material, polyamide is suitable for precision work.
