

Cemented carbide milling bit

Shank diameter: 3mm

Application:

For deburring, roughing, finishing work and post-processing on cast parts, roughly machined workpieces or welding seams - can be used in hand-guided or on stationary machines.

Art. no.	76008 295
Brand	BIAX DRUCKLUFT
Manufacturer Part Number	001952053
Form	Conical pointed
Cutting edge length	13 mm
Length	40 mm
Serration type	5
Model	TCI 0313
DIN	8033
Gross Weight	0.005 kg
Product Group	761
