

Part Number: G45 BLACK

Description: Flashlight

One of the few black aluminum lights in the line, the G45 Flashlight combines our Bulls-Eye Spot Beam optics with a relatively compact size that is perfect for a wide variety of situations. It produces extremely bright centered spot beam with a consistent transition halo that is optimal for long distances.

With Coast's commitment to quality, the G45 Flashlight is impact resistant, weather resistant and its LEDs are virtually unbreakable. The G45 Flashlight is backed by Coast's lifetime warranty against defects in materials and workmanship. Tested and rated to ANSI/FL1 standards.

Specifications:

- **BATTERY TYPE:** 3 x AAA (Alkaline)
- **BEAM DISTANCE (HIGH):** 551 ft / 168 m
- **INCLUDED:** 3 x AAA Batteries | Pocket Clip

- **LENGTH:** 4.6 in / 11.7 cm
- **LIGHT OUTPUT (HIGH):** 385 Lumens
- **RUNTIME (HIGH):** 1 h

- **WEIGHT:** 3.6 oz / 102 g

Features:

BULLS-EYE SPOT BEAM OPTIC

Hit your target with power. Always on point, the Bulls-Eye Spot Beam fixes a bright “hot spot” on the object, surrounded by a soft halo of transitional light to increase the total field of view. From spotting animals in the woods to identifying suspects, this beam cuts through darkness with a range of up to 416 feet / 127 meters.

SINGLE MODE

The same light every time. Keeping it simple with COAST single-mode lighting means you can rely on an even, bright white beam every time.

WATER RESISTANCE

Don't worry about the weather. COAST lights that have passed the IPX4-level water resistance test are splash-resistant and built with durable materials that stand up to nature.
