

## SupraPlus round sling with particularly robust hose sleeve

Made of polyester

SpanSet®

### Application:

For the safe and regulatory-compliant lifting of loads, for daily use and extreme usage conditions.

### Execution:

- Textile wire-reinforced hose sleeve
- Ribbed reinforcement of hose sleeve made of high-performance polyester
- Embossed weaving in of carrying capacity

### Advantage:

- Compact, long service life thanks to low wrinkle formation and small support area
- Significantly higher usage time: double the resistance to wear and multiple resistance to cuts thanks to ribbed reinforcement
- Special hose sleeve prevents almost all damage or tearing
- Increased working safety thanks to embossed weaving in of carrying capacity

### Delivery:

Other lengths deliverable on request.
