

13-Feb-2023

PCN #: PCN-23-166105

Subject : SPRING TYPE,SIDE WIRE ENTRY,TERMINAL BLOCK

Description of Change : The change is in the color of the plastic material used in the buttons. The button color will be changed from white to orange to standardize to the other buttons used across all other products. The dimensions of the product will not change

Reason : The reason is to make the product aesthetically uniform to all our other spring terminal blocks in which the push buttons are in orange color.
The dimensions of the product will not change

Key Dates :

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.

Alert document created by IHS Markit based on content provided by TE Connectivity.
