

MaxxCraft machinist's hammer

HALDER

Application:

For vibration-free and more powerful striking.

Execution:

- Ergonomic Hickory wooden handle DIN 5111, extremely rigid
- With additional rubber protective sleeve for the handle
- High-quality, special steel hammer head
- Drop-forged with smooth-ground hammer edge and face

Advantage:

- Fatigue-free working processes that are gentle on your joints thanks to 68% less recoil
- 24% more impact force thanks to special connection between hammer head and handle

Art. no.	51181 608
Brand	HALDER
Manufacturer Part Number	3666.008
Weight of head	0.8 kg
Length	350 mm
Material of long handle	Hickory
Handle fastening	Vulcanised
Protective handle sleeve available	Yes
Gross Weight	1.143 kg
Product Group	521
