

23-Jan-2019

**PCN #:**P-19-016845

**Subject:**Sealing Plug, Size 16 Cavity

**Description of Change:** Manufacturing location change. The following part number will be transferred from hostile supplier Plastic Molding Manufacturing, South Bend, Indiana, to PAM Trading, Kernersville, North Carolina.

**Reason:** Dear Customer, we hereby inform you about a transfer of mold tooling. The transfer follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. This relocation is due to a hostile supplier situation in which the supplier was unable to provide product as needed and they advised TE Connectivity to pick up mold and find a new supplier without an inventory build. The new manufacturing is a TE Connectivity qualified supplier that operates under a certified quality management system in accordance with standard automotive requirements. A TE-internal release based on the relevant part specifications will be executed before delivery. Upon request, a PPAP Level 2 will be available if it concerns a transfer of a tool which produces a finished TE-product. If you require such a PPAP, please notify the responsible TE Sales Contact within 14 calendar days after receipt of this PCN

**Key Dates:**

**Contact By Date:**25-Jan-2019

**Implementation Date:**25-Jan-2019

**Product Affected**

776363-1

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
