

DF 175 thread sealing tapes

100% PTFE, non-flammable

Application:

For lasting sealing of metal and plastic threads on lines and pipes in which aggressive gaseous or liquid media are transported.

Advantage:

- Very economical in that 1 roll replaces 20 rolls of PTFE tape (12 mm x 0.1 mm x 12 m)
- Extremely resistant to highly aggressive solvents, lye and acids

Art. no.	75100 020
Brand	WEICON
Manufacturer Part Number	30010175
Length of tape	175 m
Min./max. temperature conditions	-200 to +240 °C
Max. temperature conditions	+240 °C
Min. temperature conditions	-200 °C
Material	Polytetrafluoroethylene
Approval	DVGW/BMA/KTW/WRAS/UL
Gross Weight	0.091 kg
Product Group	6TW
