TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Multimode Relay MT

Description of Changes

To continue TE's program called - smart design on Silver use - the CO-contacts of the MT relay-series are to be modified from solid to tri-metal (plated) versions like already implemented in many other products. The performance of the relays as specified in datasheet will not be affected by this change. To ensure traceability modified products can be identified by date code.

Reason for Changes:

Product Improvement. Reduction of cost dependency of raw material.
