

hard foam insert equipped with tools, combination spanner set

width x depth 435 x 293 mm

ATORN

Application

For the flexible and modular fitting of drawers in HK drawer cabinets system 550 S (no. 50295) and 550 B (no. 50298), workbenches series WGS and WG (no. 50212), undercounter cabinets (no. 50212), drawer blocks (no. 50211), assembly trolleys (no. 50282), roll containers (no. 50284) and workbench trolley (no. 50285).

Version

- two-tone foam inserts made of polyethylene (PE) equipped with tool assortments
- resistant against most oils and chemicals due to closed cells
- The PE foam is lightweight, resistant, durable, odour-neutral and even food safe
- one tool insert fills half of the useful area of a drawer with internal dimensions 450 x 600 mm
- Three tool inserts fill the entire usable area of drawers with internal dimensions 450 x 900 mm

Advantage

- Clearly arranged, organised and protected storage of tools in the drawers
- Accurately fitting cut-outs in contrasting blue make it easy to spot when tools are missing and help to prevent loss of tools
- Expensive tools can be stored securely and safely in the insert
