

Lifting strap with crane bracket

Made of polyester

Application:

For the safe lifting of loads, particularly suitable for use with cross bars, as an alternative for a lifting strap with loops.

Execution:

- Non-abrasive, 2-ply
- Polyester webbing with crane brackets
- Return or exchange of goods excluded for product liability reasons.

Advantage:

- Only takes up a small amount of space on crane hook

Delivery:

Other lengths deliverable on request.

Art. no.	77192 110
Length	2000 mm
Material thickness	7 mm
Load-bearing capacity (single direct)	3000 kg
Load-bearing capacity (single u-shape)	6000 kg
Load-bearing capacity (single noosed)	2400 kg
Bracket diameter	20 mm
Width	90 mm
Material	PES - Polyester
Bracket height	110 mm
Colour	Yellow
Bracket width	100 mm
EN standard	1492-1
Gross Weight	3.172 kg
Product Group	775
