

High-precision Pt100 immersion/penetration sensor

digital

Application:

Digital high-precision Pt100 immersion/penetration sensor for measurements in liquid and paste-like media

Art. no.	46210 795
Colour	Black, Orange
Min./max. temperature measuring range	-80 to 300 °C

EAN-Code

4029547022005
