

TECHNICAL DATA

Fluke 17XX Clamp Adapter 1V

Key features

- Allows support of current clamps with BNC connections
- Supports a maximum of 1V
- DC current is only supported by the 177x power quality analyzers

Product overview: Fluke 17XX Clamp Adapter 1V

The Fluke 17xx clamp adapter is an accessory for the 17xx series power quality analyzers and energy loggers. These adapters expand the support of the clamp accessory line to allow support of current clamps with BNC connections. Two versions of the adapters are offered supporting a maximum of 1V to 2.8V. DC is only supported by the 177x power quality analyzers.
