

Anti-slip mats

Made of PVC, with textured surface

Application:

The mats can be used for numerous purposes, e.g. as drawer inserts or tool trays for workbenches, cabinets, tool boxes and tool trolleys, on machines as tool trays, also suitable in vehicle luggage compartments as loading and transport protection and as a work surface.

Execution:

- Reinforced fabric mat with textured structure made of adhesive plastic
- Lightweight, can be cut to size, highly resistant to tearing and extremely durable
- Washable at 40 °C

Advantage:

- The mat remains firmly in place without being glued, even on rough or sloping surfaces
