Product/Process Change Notification <Relocation / Flexibility to Skopje (Macedonia) plant>

Date: Oct 25, 2012	ID Number: PCN-121029-FB
Affected Products	Box type Film Capacitors, see attached list.
Change	The affected products will be relocated to KEMET Skopje (Macedonia) location from Landberg (Germany) location and extended from all KEMET Film plants to KEMET Skopje (Macedonia) location. This will be achieved without impact to product form, fit, or function as the products are equivalent with respect to physical, mechanical, quality and reliability characteristics. Each qualified location utilizes common manufacturing processes, complies with standardized control techniques, and meets stringent qualification testing to guarantee product performance. This allows KEMET to focus on best practices, bringing to market products resulting from the most technically advanced processes possible.
Justification and Benefits	KEMET logistic flexibility will be improved thanks to the extension of the production to the Skopje location. This will result in an enhanced capability to support KEMET Customers.
Effective Date and Identification	Orders acknowledgement in Landsberg shall be stopped effective January 31 2013, last shipping date will be February 28 2013. First shipments from Skopje (Macedonia) shall take place on Jan 16 2013, so there will be an overlap period. Without acknowledgement of this amendment notification by November 30 2012, KEMET will proceed to implement the change as described herein.
