# Product Change Notification

---

**PCN NUMBER** : PCN085

**Product Category** : DIP & SIP Switches – Design Change

**Issue Date** : 31-May-2019

**Effective Date** : 31-May-2019

**Reason for change** : To improve the production efficiency & product quality.  
It's hard to control the quality of thermo- printing  
(different font size & some slight disconnections on words). Color  
ribbons of thermos-printing can't meet low halogen requirement.

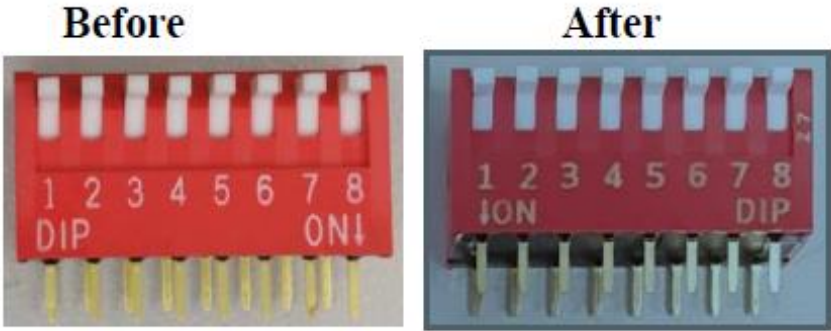

**Description of change** : Changed to laser printing legend with unify font size & solve the problem  
of word disconnection. Laser printing doesn't need color ribbons.

**Change to Form Fit Function:** There will be no change in Form Fit and Function.

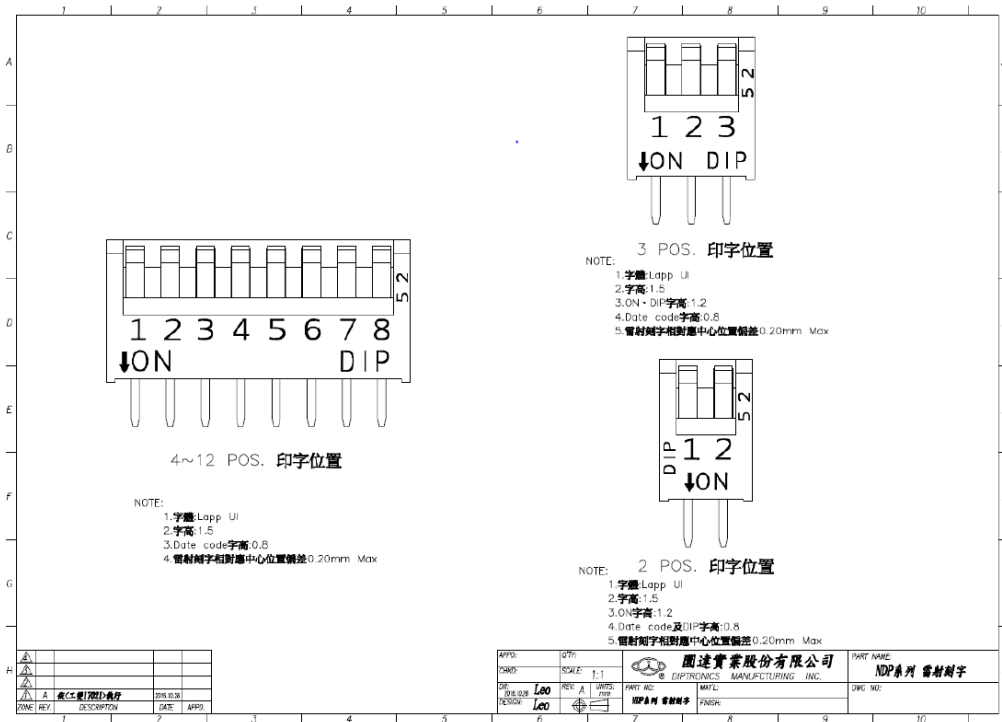

**Parts Affected:**
