Description and purpose of change: Because of a database mismatch, Würth Elektronik will correct the plating specifications of the shielding on the datasheet. Products already have these characteristics. This is a datasheet correction only. There will be no change in form, fit, function, quality or reliability of the product.	
Detail of Change: BEFORE : On the datasheet, shielding plating is Nickel . AFTER : On the datasheet, shielding plating is Tin .	
Reliability / Qualification Summary: There will be no change of the product, therefore no additional reliability or qualification testing will be performed.
