Additional production site for B3275*, B3292*H* and B3292*J* film capacitor series

To improve our supply capability and reliability, the following EPCOS film capacitor series will be produced at the plant in Nashik/India in addition to the plant in Zhuhai FTZ/China. The Nashik plant is IATF 16949 certified and manufactures the products with the same level of quality. The 15-digit ordering codes remain unchanged.

The additional production site in Nashik is valid for standard ordering codes as per product datasheet. Customer-specific ordering codes, including 18-digit codes ending Z9, are not affected.
