## Part no.: 53800300 – RSL420P-S/CU400P-3M12 – Safety laser scanner

Protective circuit Overvoltage protection

### Performance data

|  |   |
|--|---|
| Supply voltage $U_B$                     | 24 V , DC , -30 ... 20 %                  |
| Current consumption (without load), max. | 900 mA , (use power supply unit with 3 A) |
| Power consumption, max.                  | 22 W , For 24 V, plus output load         |

### Interface

Type PROFINET

#### Profinet

|                                  |   |
|----------------------------------|---|
| Function                         | Process   |
| PROFINET device                  | Device acc. to Spec V2.3.4  |
| GSDML                            | GSDML acc. to Spec V2.3.2   |
| Profile                          | PROFINET/PROFIsafe  |
| Conformance class                | C   |
| Network load class               | III   |
| Security level                   | 1   |
| Switch functionality             | IRT-ready 2-port switch acc. to IEEE 802, integrated in connection unit |
| Port properties                  | Auto-Crossover<br>Auto-Negotiation<br>Auto-Polarity                     |
| I&M                              | 0 - 4   |
| Supported topologies             | MRP client<br>SNMP  |
| Safety-related switching signals | 1 Piece(s)  |

### Service interface

Type Bluetooth

#### Bluetooth

|                             |                                 |
|-----------------------------|---------------------------------|
| Function                    | Configuration/parametering      |
| Frequency band              | 2,400 ... 2,483.5 MHz           |
| Radiated transmitting power | Max. 4.5 dBm (2.82 mW), class 2 |

Type USB

#### USB

|                          |  |
|--------------------------|--|
| Function                 | Configuration/parametering                                     |
| Connection               | USB 2.0 mini-B, socket   |
| Transmission speed, max. | 12 Mbit/s  |
| Cable length             | ≤ 5m<br>Longer cable lengths are possible using active cables. |

### Connection

Number of connections 3 Piece(s)

#### Connection 1

|                    |                |
|--------------------|----------------|
| Type of connection | Connector      |
| Function           | Voltage supply |
| Thread size        | M12            |
| Type               | Male           |
| Material           | Metal          |
| No. of pins        | 4 -pin         |
| Encoding           | A-coded        |

#### Connection 2

|                    |   |
|--------------------|---|
| Type of connection | Connector                               |
| Function           | PROFINET/PROFIsafe communication, input |
| Thread size        | M12                                     |
| Type               | Female                                  |
| Material           | Metal                                   |
| No. of pins        | 4 -pin                                  |
| Encoding           | D-coded                                 |

#### Connection 3

|                    |  |
|--------------------|--|
| Type of connection | Connector                                |
| Function           | PROFINET/PROFIsafe communication, output |
| Thread size        | M12                                      |
| Type               | Female                                   |
| Material           | Metal                                    |
| No. of pins        | 4 -pin                                   |
| Encoding           | D-coded                                  |

#### Mechanical data

|                       |   |
|-----------------------|---|
| Dimension (W x H x L) | 140.2 mm x 170 mm x 142 mm  |
| Housing material      | Metal<br>Plastic , Diecast zinc ,                                       |
| Lens cover material   | Plastic/PC  |
| Net weight            | 4,300 g   |
| Housing color         | Yellow, RAL 1021  |
| Type of fastening     | Mounting plate<br>Through-hole mounting<br>Via optional mounting device |

#### Operation and display

|                       |                                       |
|-----------------------|---------------------------------------|
| Type of display       | Alphanumeric display<br>LED indicator |
| Number of LEDs        | 10 Piece(s)                           |
| Type of configuration | Software Sensor Studio                |
| Operational controls  | Software Sensor Studio                |

#### Environmental data

|                                    |               |
|------------------------------------|---------------|
| Ambient temperature, operation     | 0 ... 50 °C   |
| Ambient temperature, storage       | -20 ... 60 °C |
| Relative humidity (non-condensing) | 15 ... 95 %   |

#### Certifications

|   |  |
|---|--|
| Degree of protection  | IP 65  |
| Protection class  | III , EN 61140   |
| Certifications  | TÜV Süd  |
| Test procedure for EMC in accordance with standard              | DIN 40839-1/3<br>EN 61496-1  |
| Test procedure for oscillation in accordance with standard      | EN 60068-2-6   |
| Test procedure for continuous shock in accordance with standard | IEC 60068-2-29   |
| US patents  | US 10,304,307B<br>US 7,656,917 B<br>US 7,696,468 B<br>US 8,520,221 B |

**Classification**

|                       |          |
|-----------------------|----------|
| Customs tariff number | 85365019 |
| eCl@ss 8.0            | 27272705 |
| eCl@ss 9.0            | 27272705 |
| ETIM 5.0              | EC002550 |
| ETIM 6.0              | EC002550 |

## Operation and display

### LEDs

| LED | Display      | Meaning                  |   |
|-----|--------------|--------------------------|---|
| 1   | -            | Off                      | Device switched off   |
|     |              | Red, continuous light    | OSSD off  |
|     |              | Red, flashing            | Error   |
|     |              | Green, continuous light  | OSSD on   |
| 2   | -            | Off                      | RES deactivated or RES activated and released   |
|     |              | Yellow, flashing         | Protective field occupied   |
|     |              | Yellow, continuous light | RES activated and blocked but ready to be unlocked - protective field free and linked sensor is enabled if applicable |
| 3   | -            | Off                      | Free warning field  |
|     |              | Blue, continuous light   | Warning field interrupted   |
| 4   | -            | Off                      | Four field mode: warning field 3 free   |
|     |              | Blue, continuous light   | Four field mode: warning field 3 interrupted  |
| 5   | -            | Yellow, flashing         | Four field mode: warning field 2 interrupted  |
| 6   | -            | Off                      | No function   |
| 7   | PWR          | Off                      | Device switched off   |
|     |              | Red, continuous light    | Error during self test or internal communication problems   |
|     |              | Green, flashing          | PROFINET wave function active   |
|     |              | Green, continuous light  | Device switched on, supply voltage applied, no internal error   |
| 8   | PS           | Off                      | PROFIsafe communication not initialized or switched off   |
|     |              | Green, flashing          | Device in passive state or PROFINET wave function active  |
|     |              | Green, continuous light  | Device on PROFIsafe active  |
|     |              | Red, flashing            | PROFIsafe configuration failed  |
|     |              | Red, continuous light    | PROFIsafe communication error   |
| 9   | NET          | Off                      | PROFINET communication not initialized or inactive  |
|     |              | Green, flashing          | PROFINET bus initialization or PROFINET wave function active  |
|     |              | Green, continuous light  | PROFINET active, data exchange with IO controller active  |
|     |              | Orange, flashing         | Ethernet topology error   |
|     |              | Red, flashing            | Ethernet configuration failed, no data exchange or exchange of invalid data   |
|     |              | Red, continuous light    | Bus error, no communication   |
| 10  | LNK/<br>ACT1 | Off                      | No Ethernet link present  |
|     |              | Green, continuous light  | Ethernet link active, no current data transmission  |
|     |              | Green/orange, flashing   | Ethernet link active, current data transmission   |
| 11  | LNK/<br>ACT2 | Off                      | No Ethernet link present  |
|     |              | Green, continuous light  | Ethernet link active, no current data transmission  |
|     |              | Green/orange, flashing   | Ethernet link active, current data transmission   |

## Notes

### Observe intended use!

- The product may only be put into operation by competent persons.
- Only use the product in accordance with its intended use.

**WARNING! INVISIBLE LASER RADIATION – LASER CLASS 1**

The device satisfies the requirements of IEC 60825-1:2007 (EN 60825-1:2007) safety regulations for a product of **laser class 1** as well as the U.S. 21 CFR 1040.10 regulations with deviations corresponding to "Laser Notice No. 50" from June 24, 2007.

- Observe the applicable statutory and local laser protection regulations.
- The device must not be tampered with and must not be changed in any way.  
There are no user-serviceable parts inside the device.  
Repairs must only be performed by Leuze electronic GmbH + Co. KG.

## Accessories

### Connection technology - Interconnection cables

|   | Part no. | Designation                 | Article               | Description  |
