

30-Apr-2024

PCN #: P-24-026133

Subject : Kilovac High-Voltage Relays and Contactors

Description of Change : Dear customer, we hereby inform you about a process improvement on the dispensing equipment used for epoxy potting in all Kilovac products manufactured at TE Connectivity AD&M Hermosillo. In order to improve process control and increase output, TE is moving to advance technology by implementing new automatic equipment.

This change does not compromise product performance. The fit, form, and function of the product listed will not be affected. All products will be first article inspected and validated prior to any shipment. In addition, TE Connectivity AD&M Hermosillo qualified internally by Kilovac product family.

Reason for Change: Product improvement. TE Connectivity's (TE) in alignment with the operative advantage, is working to improve the quality and ability to supply the concerned products.
